

4.1.3 – General Campus Facilities & Overall Ambience

Dr. Ulhas Patil Medical College ensures a student- and patient-friendly campus with comprehensive infrastructure and amenities. The campus features well-ventilated and spacious hostels for both male and female students, with additional hostels, staff quarters, and hospital wards under construction to further enhance capacity.

Essential facilities such as clean washrooms, medical care units, and CCTV surveillance at entry points are in place to maintain safety and hygiene. The hospital provides round-the-clock medical services to students and staff, along with organized parking and well-marked lanes for smooth navigation.

Connectivity is ensured through campus-wide Wi-Fi. Additional amenities include a bank, ATM, and post office within the campus for convenience. The institution also focuses on sustainability through solar panel installations and an RO-based water treatment plant, ensuring access to clean drinking water.

Overall, the campus provides a secure, eco-friendly, and well-maintained environment, creating a positive ambience for learning, living, and patient care.
