

### 7.1.2 Measures initiated by the institution for the promotion of gender equity

Ensuring that there is no bias based on gender in education, rights, or opportunity is the primary goal for the institution.

The health centre, the dorms, and campus itself are all under 24-hour CCTV surveillance. Along with access restrictions, a fence and defensive wall on the border secure female students. The security team comprises both male and female officers, with the females always eager to assist.

Amenities like night canteens, gyms with special hours for girls, and separate dorms with entrusted wardens assure a pleasant environment. The harassment and assault prevention committee within the institute strives to create a safe environment.

Additionally, faculty experts offer guidance, and childcare centres encourage working parents. Leadership roles like Ladies Representatives in each batch, in alongside the class representatives, emphasise the commitment to equal opportunity in athletics, schooling, and cultural pursuits.
